We provide all the fasteners for your poster.

Presentations on the NBS 2017 website

We encourage you to consider archiving your presentation. Doing so makes it publicly available and citeable by yourself and others. In addition, those interested can easily download it for later reference and it may provide increased visibility for your work (e.g. to those not attending the conference or who were there but missed it among the hundreds of others). To make the oral and poster presentations available the authors are requested to provide a PDF presentation file.

Please note that all presentations will be placed on the NBS 2017 website following the meeting as a service to all delegates, unless the author requests NBS 2017 not to do so (in this case, please contact presentations@nbs2017.eu).

To complement the poster presentation, authors are requested to provide a PDF presentation file (max 4 pages). It is necessary that you send the PDF of your Poster presentation to presentations@nbs2017.eu with Subject: Web poster presentation (file P_presentors' name). For security reasons we DO NOT accept archive files (.zip, .arc, .rar etc.). Please send your presentation file unpacked.

Note: Please send files up to 24 MB.

IMPORTANT: Your PDF presentations for the website are needed by 30 October in order to create a full materials of the conference.
